

SUPPORT, ADVOCACY & RESOURCE CENTER

Annual Report

July 1, 2011 - June 30, 2012

Mission

SARC's mission is to provide crisis services, support and advocacy to victims of all non-domestic violence crimes, non-offending family members, and others who are impacted by crime. We strive to create and maintain a community without violence through prevention-based education and community development initiatives.

Philosophy Statement

The Support, Advocacy & Resource Center (SARC) views sexual assault as a means of power, control, and manipulation. Sexual violence adversely affects all members of a community, including both adults and children.

SARC supports the rights of crime victims and strives to see these rights upheld. SARC believes that every victim deserves quality information, advocacy, crisis intervention, and treatment. We support the right of a victim to make choices regarding reporting, prosecution, pregnancy, future safety, and other issues raised by the experience. It is our responsibility to provide prevention education in an effort to create a community free of violence.

SARC is committed to serving all individuals, regardless of race, gender, religion, veteran status, age, ethnic background, socio-economic status, sexual orientation, marital status, physical or mental status. SARC recognizes the importance of combating racism, homophobia, able-bodyism, and other issues of oppression in order to make services accessible to all individuals.

Crisis Program

Advocates in the Crisis Program provide services to victims of all non-domestic violence crimes, their non-offending friends and family, and serve as a resource for community members seeking assistance on crime victimization. SARC's service area includes Benton and Franklin Counties, in Washington State.

SARC provides the following services in the Crisis Program:

Crisis Line: SARC's crisis line is staffed 24 hours a day by trained advocates. Advocates are available to answer questions and provide support. This line also serves as a point of contact for clients who may need immediate emergency assistance.

Legal and Medical Advocacy: SARC's agency staff and trained volunteer advocates respond to hospital calls to provide medical advocacy to victims of crime. We also provide legal advocacy at police interviews and court proceedings. Moral support and information is given to victims, families and friends.

Crisis Intervention: Advocates provide short-term crisis intervention, support, and validation for the client's feelings. We often recommend that clients also seek therapy to assist in the healing process.

Therapy Referrals: Clients receive assistance in the process of finding a counselor who is experienced in the field of sexual abuse. We also provide information regarding payment options such as sliding fee scales, insurance, and crime victim's compensation. In addition, SARC provides financial support to clients who would not otherwise be able to seek professional mental health care. On-site counseling is also available at no cost to the client.

Library: SARC has an extensive library containing a multitude of resources (including books and videos), which relate to crime victimization. The library is available to all members of the community at no cost.

Volunteer Advocates

SARC relies on volunteer advocates to staff the crisis line and respond to hospital calls when the agency is closed. Without these volunteers, the agency would not be able to provide much needed services 24-hours a day. Each advocate is required to complete 32 hours of training certified through the Washington Coalition of Sexual Assault Programs, in addition to completing 12 hours of on-going training per year. This year SARC offered two 32-hour Core Advocacy Trainings and the following ongoing in-service trainings: Jericho Road Ministries; Reporting, Documentation, & Role Playing; Period of Purple Crying; Medical Advocacy at Kadlec Medical Center; Criminal Legal System; Habitat for Humanity; Information & Referral and Crisis Intervention; Treatment Programs, SSODA & SSOSA with Michael Henry; Jail Culture with Matthew Kuempel; Legal System Overview with Benton County Prosecutor's Office; Children with Sexual Behavior Problems; Reliance Medical Services; Tri-Cities Pregnancy Network; Crisis Intervention and Disassociation; and Sexual Assault against Animals for a total of 82 hours. Collectively our volunteers 14,923 hours of on-call availability:

Counseling Program

SARC is pleased to have an on-site counselor to provide services to clients who do not have insurance, Crime Victim's Compensation, or other means to afford counseling. Clients are provided 12 sessions at no cost. Research has shown the positive impact that access to immediate counseling can have in the long term for victims of sexual assault and other crimes. Some clients will only need the twelve sessions (or less), while others will be referred to local therapists for longer-term treatment.

During fiscal year 2011/12, 890 counseling sessions were provided, serving 96 of SARC's Crisis Program clients, 86 of whom were new to counseling during this fiscal year. Of the 86 new clients, 88% are female, 12% male.

Age of Clients:

- 3% between 0 and 5 years of age
- 7% between 6 and 11 years of age
- 30% between 12 and 18 years of age
- 60% age 19 and over

Ethnicity of Clients:

- 70% Caucasian
- 23% Hispanic
- 1% Native American
- 2% African-American
- 4% Other/Unknown

SARC contracts with a variety of counselors in private practice to assist with meeting the needs of our clients. Over \$4,000 was spent on these services.

How Does Trauma-Based Counseling Work?

The purpose of trauma-based counseling is not to encourage the client to re-live the traumatic experience over and over and dwell on it. Rather, the goal of trauma counseling is to first, teach the client practical tools to help them manage common trauma-related issues such as sleep disturbance, depression, anxiety, flashbacks, and relationship issues. After the client is able to efficiently use those basic tools, evidence-based trauma treatments are provided. The treatments help the client to digest the experience(s) in a safe, healthy way in order to gain freedom from their past and move on to a happier future.

Support Groups

Due to uncertain funding throughout the year, SARC was unable to provide support groups. SARC is in the process of updating counselor surveys and surveys to send to the faith community in hopes of identifying support groups to refer clients to.

Summer Camp

Camp SARC is a unique and innovative program that combines the rite-of-passage experience of summer day camp with group psycho-education and support for young victims of abuse. While SARC stands for the Support, Advocacy & Resource Center, during one special week each summer, it stands for **Strengthening and Revitalizing Children**. Complete with wacky songs, arts and crafts, pizza and parachute games, Camp SARC engages kids in healthy and fun activities in an environment that validates and normalizes their experiences.

June 18 – 22, 2012 was the second annual Camp SARC and what a success!! Sixteen children participated and the experience far exceeded our expectations. Not only did the little ones self esteem grow, sense of isolation lessen, fear and anxiety reduce, and personal safety skills increase – the staff was rejuvenated and became so much more connected to the children we serve.

The five days were structured around the following group themes with a focus for each day:
Healthy Expressions: Feelings Identification, Affect Regulation, Trigger Identification, Coping Skills, and Resource Development

Healthy Connections: Active Listening and Social Skills, Respecting Others and Body Integrity, Recognizing Unhealthy Relationships, Teamwork and Interpersonal Relationships, Enhancing Healthy Relationships

Healthy Confidence: External Boundaries, Internal Boundaries and Assertiveness Training, Body Safety, Personal Safety, Self-Efficacy

Healthy Me: Self-Identity and Exploration, Recognition of Others, Trust and Empathy Building, Trust and Self-Empowerment, Future Self

While the children were learning and growing so much they had so much fun – just look at their little faces!!

Education Program

SARC offers prevention based education services throughout Benton/Franklin Counties. Programs are directed toward the prevention of sexual assault and to raise the awareness of sexual violence. All programs are done in an age appropriate manner and are sensitive to the audiences needs. The following core competencies – empathy/feelings, respect for oneself/others, self and community responsibility, boundaries for oneself and others, conflict resolution/problem solving and gender stereotyping are incorporated into all programs. These competencies were selected as they mirror developmental assets that extensive research has shown that youth need to avoid risk and to thrive. Equipping youth with many developmental assets help them to become caring, responsible adults – which are not people that become sex offenders. In addition to focusing on developing assets, children are equipped with knowledge and tools to help reduce the possibility of sexual victimization. Following are the programs provided:

Preschool Program – Body & Boundary Safety:

- Day 1: How to Get Along with Each Other
- Day 2: Happy Bear
- Day 3: Puppet Show

K-2 Program-Safe Bodies, Healthy Minds:

- Day 1: Recognizing Feelings and Steps to Calm Down Strong Feelings
- Day 2: Respecting Boundaries in Self and Others.
- Day 3: Sunshine Puppet Theater-Teaching the Skills of the Yell and Tell Safety Rule.

3rd and 4th Grade Program-Personal Body Safety:

- Day 1: Respect and Treating Others the Way You Want to be Treated
- Day 2: Learning Assertive Steps
- Day 3: Personal Body Safety with a new video, “The Courage to Tell: Now I Can Tell My Secret.”

5th Grade Program-Personal Body Safety:

- Day 1: Learning Assertive Steps
- Day 2: Recognizing Bullying Behavior and the Three R's of Bullying
- Day 3: Personal Body Safety with a new video, “The Courage to Tell: Now I Can Tell My Secret.”

3rd and 4th Grade Technology Safety Program:

- Day 1: Introduction to Internet Safety Using the NetSmartz Curriculum
- Day 2: Understanding Personal Information and Ways to Remain Private Online
- Day 3: How to Recognize and Avoid Being Cyberbullied

5th Grade and Middle School Technology Safety Program:

- Day 1: Understanding privacy settings and creating healthy and safe online actions
- Day 2: Avoiding online predators
- Day 3: Recognizing and avoiding cyberbullying and sexting behavior

Harassment and Bullying Prevention:

- Day 1: Recognizing Harassment
- Day 2: Sexual Harassment
- Day 3: Being a Good Bystander to Harassment

Creating Healthy Relationships (High School Only):

- Day 1: Creating Healthy Relationships
- Day 2: In Their Shoes Activity and Discussion
- Day 3: Date/Acquaintance Rape Prevention

Parent Education - Parents are provided child sexual abuse information, a preview of the program in which their child will participate, and learn ways to reinforce concepts at home. Parent education is a vital component in the prevention of child sexual abuse.

General Sexual Assault - This presentation provides statistics and informs audiences about child sexual abuse, sex offenders, adult survivors, rape, social myths, laws and prevention. This program is offered to service clubs, businesses, churches, and to anyone interested in learning more about sexual violence.

Sexual Harassment Intervention Program (SHIP): This is an educational program for students who have a charge/complaint of sexual harassment against them by another student or teacher. All referrals attend the workshop together and are required to write a 500-word essay on Sexual Harassment. Information covered includes the definition of sexual harassment, victims (male and female), Impact vs. Intent, boundaries and gender stereotyping. The paper is submitted to the school principal and SARC as a part of our follow-up.

Health Fairs and Community Events

SARC is dedicated to participating in as many health fairs and community events as possible. We are committed to raising the awareness of sexual violence and preventing future sexual abuse. Our goal is to make every community member aware of our services and to provide the tools needed to reduce violence in our community. This year we participated in many different events, including I've Had Enough with Kennewick Police Department, Harvest Festival at Energy Northwest, Pasco Chamber of Commerce, Women's Expo, Highland's Parent Night, Juevas Gigantes, Family Expo, Circle for Caring, Soroptimist 5k/One Mile Walk Event, Bells of the Desert Concert, Boys & Girls Club Family Night, Kadlec Safe Kids Saturday, Mental Health Fair, Take 25 and Safe Summer Event for Kennewick General Hospital.

Special Projects

Newsletter: SARC develops and distributes a quarterly newsletter that discusses information pertaining to the prevention of sexual violence, information about local sex offenders, upcoming events, and provides a forum for individuals to voice their experience surrounding sexual violence. The newsletter is distributed to over 2,000 individuals and agencies.

Bookmarks: SARC distributes bookmarks depicting sexual assault information to local libraries and bookstores. The intent is to raise awareness, counter myths, and prevent sexual violence.

The Little People Project: Each year SARC showcases little wooden, three dimensional, figurines that represent the number of children involved in child abuse cases investigated in Benton/Franklin counties. Pasco High School, Southridge High School, Hanford High School, Kennewick High School, Kamiakin High School and Columbia Industries all contributed to the construction of the over 400 little people. These "little people" are put on display during Sexual Assault Awareness week (SAAW) in a variety of places throughout the area. Each year, the Tri-City Herald loans us a truck and driver for the project. During SAAW 2012, the "Little People" were displayed at Columbia Center Mall and Columbia Basin College.

Clothesline Project: This project enables men and women who have been victims of any type of assault to express their stories artistically by designing t-shirts. Not only is the expression part of the healing process for them, the final product is also a powerful reminder to the community of assault issues. This year our Clothesline Project included over 40 t-shirts designed by local community members. We displayed our project during Washington State Sexual Assault Awareness Week, March 31st– April 7th, 2012 at the Keewaydin and Union Branch of the Mid Columbia Libraries in Kennewick, the Connell library, Richland library, as well as the HUB at Columbia Basin College.

Strides of Strength: Community members aiming to raise awareness on the topic of crime victimization, gathered on April 21st for a one-mile organized march along one of Kennewick’s busiest streets. Strides of Strength is an annual event (previously Walk a Mile) designed to give members in our community the opportunity to publicly demonstrate their courage and commitment to victims of crime. To draw more attention to the event, and add to the festive nature, the SARC staff created a bucket band drum. All staff members decorated their bucket drums and led the march to the tune of a very simple beat. This was SARC’s sixth year organizing this event, which was attended by 120 participants. Groups that participated included: Soroptimist, Elite Cheer Group, and Tri Cities Residential Services. Members from law enforcement, SARC staff, volunteer advocates and board members joined in the walk down Columbia Center Blvd.

Kids Haven

Kids Haven is a joint effort between SARC and our local city and county governments. It is a program designed to meet the needs of children who have allegedly been physically and/or sexually abused.

The goal of Kids Haven is multi-faceted:

Lessen the trauma to children when they disclose they have been abused: It is difficult for children to discuss the details of their abuse. It can be made even more difficult by going to a police station, courthouse or office that can even intimidate adults. Our facility has been designed in a child friendly manner, in order to help the child feel more comfortable.

When the child is interviewed, detectives, CPS workers and prosecutors have the ability to observe the interview through a one-way mirror. Most interviews are also recorded on DVD, a copy of which is given to the investigating detective before he/she leaves the building. This reduces the need for multiple interviews, and the child does not need to relive the abuse a variety of times to an assortment of people in a multitude of settings.

Holding more offenders accountable: By having neutral, quality interviews conducted by an interviewer who is specifically trained, prosecutors are able to charge and convict a higher number of child abusers. The already small chance that someone may be wrongly charged is also reduced.

Offer comprehensive services to children and their non-offending family members: Child abuse is a horrific crime. Children and their non-offending family members deserve to receive services to assist them in the healing process. SARC offers support and advocacy and explains the many services we provide. Therapy referrals are also provided. SARC has on-site counseling available, as well as grant funds for counseling for families with limited resources.

Structure

The Benton County Prosecuting Attorney's Office is responsible for the employment and supervision of the Child Interviewer and the financial administration related to this function. SARC is responsible for the employment and supervision of the advocates and counselor, and the financial administration related to these positions.

Funding

Our local city and county governments provide funding for the Child Interviewer and related expenses. The advocate positions and related expenses are funded through private grants, fundraising, state funds and United Way. The facility is a joint effort between SARC, local city and county governments, private grants and community donations.

Statistics

Interviews were conducted for 311 children in Benton and Franklin Counties:

Gender:

- 67% Female
- 33% Male

Ages:

- 0 – 5 years of age – 26%
- 6 – 11 years of age – 44%
- 12 – 18 years of age – 28%
- Over 19 – 2%

Type of Abuse:

- Sexual abuse – 84%
- Physical abuse – 13%
- Witness to violence – 2%
- Other – 1%

Outcomes

We have observed a variety of outcomes as a result of this program:

- Families do not have to wait as long to have their children interviewed.
 - Charging decisions are made quicker.
 - More offenders are being held accountable.
 - Children are being connected to counseling services much earlier.
 - Children are not re-traumatized through the interview process.
 - Non-offending family members are provided the support services they need.

Benefit Auction

SARC raised over \$16,000 through our 12th annual Kids Haven Benefit Auction. All proceeds will be used to provide counseling and advocacy to victims of child abuse. Last year 342 children received these much needed services. SARC/Kids Haven would like to thank the following individuals and businesses for their help in making our on-line auction a success. We are especially grateful to Townsquare Media for advertising our auction, to Sterling Bank and Family First Dental for generously being our “Platinum” Sponsors, and to the Tri City Herald for donating ad space to thank all of our supporters. Together we are making a difference in the lives of children.
